***Kathleen Conover AWS,
NSW, TWSA, ISEA
January 16-20, 2012
GCWS Members \$375***

Design and composition: that evasive element that elevates a painting from ordinary to award-winning is the main focus of this class. Whether you are a representational painter or totally abstract, a beginner or advanced, strengthening your design and compositional skills will help you create dynamic artwork that exhibits confidence and skill. Kathleen will use demonstrations, lectures, handouts, directed exercises, and individual attention to enable understanding of new information and processes.

At home, we work alone most of the time so it is also important to be your own critic. She can show you how to see your work with “new eyes”, identify problems and manipulate the design tools to improve your paintings. Participants will build traditional skills as well as explore and experiment with a variety of painting techniques as well as share her knowledge of materials and methods of working in watercolor and mixed water-media. Specific lessons on making new compositions, value studies, color concepts, design principles and elements, texture building, layering and more will be presented. Bring your sense of adventure for this high-energy, fully-packed workshop.

***Nita Leland
February 20-24, 2012
GCWS Members \$375
Non-members \$410***

Nita Leland author of Exploring Color, Creative Artist, and Creative Collage Techniques has a passion for Color.

Your artwork will never be the same once you know how to use color to create individual expression in watercolor or mixed water media. You'll never make mud again when you use Nita Leland's split-primary color-mixing system. Explore color contrasts, color harmony, and learn to use unique color schemes in your work. You'll practice these principles in sketches and paintings throughout the workshop with helpful critiques every day. CONFIDENT COLOR WORKSHOP stresses creativity, personal expression, and individual development. Nita helps each artist in a relaxed, fun environment.

***David Daniels
March 19-23, 2012
GCWS Members \$375
Non-members \$410***

David Daniels is the instructor for the Smithsonian Institution of Washington DC. He also teaches design and painting at Montgomery College in Rockville MD, as well as workshops around the world. His interactive approach and humor are often recognized as his strongest teaching tools. The heart of the artist and spirit of the medium are the two most important components of his teaching. Students are introduced to methods of using multiple glazes over wet-into-wet passages to achieve unsurpassed brilliance as well as the use of masking agents to achieve jewel-like clarity David strongly believes that planning does not destroy spontaneity but rather creates opportunities .
